Standardization Case Studies

ACCOMPANYING QUESTION AND ANSWER WORKSHEET

As appropriate, please suggest recommended study, test or quiz questions / answers to accompany the case study proposed above.

Proposed Question	What does ICAO stand for?
Proposed Answer	The International Civil Aviation Organization.

Proposed Question	What three areas did ICAO's 1995 request for information ask vendors to focus on?
Proposed Answer	Physical security features, biometrics, and data storage media.

Proposed Question	What was the need that led ICAO to biometrics as a goal for global interoperability of e-passport specifications?
Proposed Answer	Achieving one-to-one verification for linking a passport to its rightful owner.

Proposed Question	What does MRTD stand for?
Proposed Answer	Machine Readable Travel Documents.

Proposed Question	What were the two international standards ICAO leveraged in Document 9303?
Proposed Answer	ISO/IEC 19794, <i>Information Technology - Biometric data interchange formats</i> , and ISO/IEC 19785, <i>Information Technology - Common Biometric Exchange Formats Framework (CBEFF)</i> .

Proposed Question	What did ICAO select as the globally interoperable biometric for MRTD in Document 9303? What other biometric options were incorporated in the document?
Proposed Answer	Facial recognition was selected, as well as specifications for finger and iris images.
